COMENIUS REGIO PARTNERSHIPS
COMMON EUROPEAN QUALITY ASSESSMENT FORM
2009

Partnership reference N°

Name of coordinating institution:	
Partnership title:	

Note on the points system: Each criterion should be rated on the scale proposed. The ratings of the quality criteria result in a total number of points out of a maximum of 100. Each application is rated by 2 assessors and the average of the marks will be used as the final marking for quality. Experts should use numbers with decimals (e.g. 4.2) when giving points for one or more of the items in the quality assessment form in order to avoid too many assessments with the same total number of points. National Agencies will need to define an approach on how to deal with significant differences between the points given by the two assessors or with situations in which only one of the two experts has assessed the application as weak under point 5.3 b (e.g. consolidation between the two assessors to agree on a final marking or having the application assessed by a third expert).

Please note that applications scoring less than 50 points in the quality assessment will not be selected for funding.

Section C of the application form: Description of proposed Partnership , section D: Proposed activity data and section E: Requested EU funding
