

II.A.2. COMENIUS - Activities supported

Please provide an overview by decentralised action of the numbers of grant agreements managed in 2007.

The numbers indicated should be the totals covering all grant agreements managed by the NA in 2007, regardless of whether they are funded from Socrates II or LLP. Thus, the implementation status "Selected" will normally refer only to activities funded under LLP, whereas those with status "Open" or "Completed" may relate to activities supported under any of the decentralised action agreements managed by the NA in 2007. Note as well that it is likely that the columns "Open" and "Completed" overlap. This means that some grant agreements will have to be included in one, two or all three of the columns below for the period 1/1/2007 - 31/12-2007.

	SELECTED (grant agreements issues between 1/1/2007 and 31/12/2007)	OPEN (on-going grant agreements at any moment of the year 2007)	COMPLETED (final reports received between 1/1/2007 and 31/12/2007)
